

READY TO BE BLOWN AWAY?

THE PADDLE BRUSH

hand-crafted in Italy by ACCA KAPPA

Featuring a natural rubber cushion and unique structure enables taming of the most unruly hair.

This anti-static pneumatic paddle brush has been handmade in Italy with the finest sustainable materials.

The GlamPalm Professional Paddle Brush is a superb tool that combines form, function and beautiful design - made to stand the test of time.

With its natural rubber cushion and bristle structure, this brush is perfect when using the GlamPalm hair dryers or when taming long hair.

SIMPLETOUCH

with SENSE™ Technology

The flat iron for the smartphone generation or for on the go thanks to GlamPalm's SENSE™ Technology.

The world's first motion-activated flat iron. A perfect entry model without buttons or switches, simply tap the plates together once to turn it on!

With this iron heating up in less than ten seconds you can seamlessly switch between two heat settings (165° & 195°) by tapping twice or three times.

Never worry about leaving burning something with its 35 seconds motion-activated SENSE™ auto-shutdown timer.

THE MAGIC WAND™

Ideal for creating curls without compromising length. The Magic Wand gives you that soft and natural curl.

Three temperature settings with LED display indicators.

Shiner, glossier and magical results with extra hold and no damage through its Healing Stone Technology™.

A safety kick stand prevents damage to surfaces.

The Magic Wand automatically shuts off after 30 min.

AERO

The bar has been raised with this state-of-the-art world voltage hair dryer and it is a WINNER!

Infused with Healing Stone Technology™, preventing split ends, damage & with lock-in moisture.

Maximum performance with stronger concentrated air pressure, faster & even airflow, minimal vibration and superior heat transfer. Its power and wind speed are incredibly fast, splitting the water drops exponentially in two instead of just blowing them away.
